## Arisexylightbox and Vimeo: layout breaks

Posted by swemmel - 2014/08/09 15:39

---

When playing a vimeo-video in popup, the background on top turns white. See picture.

You can see the problem live on: <http://www.steunharteveld.nl>

How to solve this problem?

Thank you in advance.

Peter

Hello,

Do you use the module or a plugin? If you use plugin, when plugin code do you use?

Regards,  
ARI Soft

Thank you for the quick reply. I am using the plug-in in an custom html-module.

Here is the code:

Â

Add background=#000 parameter to vimeo link. It will look like:

<http://vimeo.com/102910765?width=500&height=280&background=#000>

Regards,
