
Pluggin not working after updating joomla

Posted by valxris - 2014/12/13 23:05

Hi
since i have updated to joomla 3.3.6 the lightbox anywhere is not working. Do you have a fix?
Thank you
Valantis

Hello,

Where we can see the problem?

Regards,
ARI Soft

Set "Include jQuery" parameter to "Yes" and "Load jQuery method" parameter to "Local copy" in "ARI Sexy Lightbox" module instances settings and the plugin(s) from "ARI Sexy Lightbox" package.

Regards,
ARI Soft
