Issue with JoomlaCK Editor

Posted by DanielSw2 - 2010/07/10 21:56

_____

Hey there,

We use your Plugin wich generate automatic a thumb for every image, when you make it smaller.

Now there was an update for our JoomlaFCK Editor and now it's called JoomlaCk Editor. But when we make an image smaller no thumb will generated.

You cann see here an example: http://simway.net/die-sims-3/754-test

Thank you!

Greetings

_____

We have updated the extension. Download it and upgrade 'ARI Sexy Lightbox' module, please.

Regards,
ARI Soft
