
popup position

Posted by pue-des-pieds - 2015/04/23 16:10

Hello,

I've got little problem with popup on my page. It opens to low and does not center correctly on the page.

<http://www.proalarm.ch/produits/127-barre-de-securite-blindee-pour-porte.html>

click on link : show articles

Could you please help ? Thanks

found it ... added in site main CSS

```
#SLB-Wrapper
{
margin-top: -10% !important;
}
```
