
Resize Category-View Article Images / Single Image

Posted by uripress - 2016/05/10 11:16

Hey,

i have activated arisexylightbox perfect for the content of articles.

i want to autoresize (without lightbox) the article images in category-view.
is there something like class="nothumb" for explicit generate a thumb?

thanks

Hello,

The extension doesn't support ability to generate thumbnails without lightbox effect.
