Can\'t see the controls and buttons
Posted by fddlss - 2010/09/08 19:15
_____

When I click on a thumbnail to see the full-size image, I'm able to see the image but I don't see the control buttons (next, previous, and close) and this happens with all templates, Black, White, and Spanish.

I'm using Joomla 1.5.20 and a Gavick Template (Party Freak)

Any help will be greatly appreciated.

Thanks.

Hello,

Could you provide link to page where we can see this issue?

Regards,
ARI Soft

_____

By the way, I just found out that this is happening with ALL browsers except IE8 and IE7.

_____

Could you open the page in a browser, choose 'File -> Save Page As' menu item in browser menu, choose 'Web page, complete', save all files, archive it and send to us by email?

Regards,
ARI Soft
