Help with CSS padding

Posted by potski205 - 2010/09/29 01:40

_____

Hi,

I am new to this so please could someone help me to add padding between rows of thumbnails in an article. I know how to write CSS but I don't know where to put it. Image below shows what I mean. Thank you.

_____

Hello,

Could you provide link to page where we can see this image gallery?

Regards,
ARI Soft

_____

Add the following CSS rule to site template CSS file:

TABLE.asexy-table TD
{
  padding: 7px 0;
}

Regards,
ARI Soft
