Play button - how to ?

Posted by ankadet - 2010/11/22 19:14

_____

Hello,
how can I switch on "play" button in my gallery ?
I didn't notice any option to do this but I saw it one the sample.

Regards

_____

Hello,

If you use "ARI Sexy Lightbox" module, set "Enable SlideShow" parameter to "Yes". If you use "System - ARI Sexy Lightbox Anywhere" plugin, add opt_enableShow="1" attribute to {arisexylightbox} tag.

Regards,
ARI Soft

_____

Hi,
it doesn't work :(.(I am using "System - ARI Sexy Lightbox Anywhere")

I have: {arisexylightbox activeType="imglist" opt_enableShow=1 itemCount=2
dir="images/stories/wymiana_2010"}{/arisexylightbox}
and only usual gallery without "play" appears.

Regards

_____

Could you provide temporary access to your Joomla! backend by email and link to page where we can see this problem that we can investigate it because this code works fine on our test server?

_____

Hello,

I have the same problem as ankadet ...
Here is the link (pictures in 2 columns).
Here's the code to display the lightbox : {arisexylightbox activeType="imglist" opt_enableShow="1"
dir="images/stories/btob/big"}{/arisexylightbox}Hope you can help me.

_____

To ankadet and dom1706, download extension package from "Member Area" and upgrade "System - ARI Sexy Lightbox" plugin. After this open "System - ARI Sexy Lightbox" plugin settings page and set "Enable SlideShow" parameter to "Yes".

Regards,
ARI Soft

_____

Hello,
I've upgraded and I've set "Enable SlideShow" parameter to "Yes"
but I don't see the 'play' button ...
Do I have to do something else ?
Best regards.
Dominique,

_____

Try now. We have "Enable SlideShow" parameter to "Yes" into "System - ARI Sexy Thumbnails" plugin settings because this plugin is loaded earlier "System - ARI Sexy Lightbox Anywhere" plugin and disabled slideshow because "Enable SlideShow" parameter was set to "No".

Regards,
ARI Soft

_____

Hello again,

It works now!
What a support!!!!
Is it possible to parameter the time for the playing ?
Best regards.

_____

If you mean duration between changing from one item to another, use "Pause duration" parameter.

Regards,
ARI Soft
