I was impressed by demo but some doubts, is the article with links are clickable? Also whether google adsence can be displayed. Even the above are not available but if a sound can be played when the user turn the page definitely i invenst on it because i have other componet for the default functioanlity. But your support is AMAZING.

Hello,

Links in "ARI Flip Book" can be clickable, it can be configure in module settings. About Google Adsence, could you explain in more details what you mean?

Regards,
ARI Soft
