
Error after update Joomla 3.9.0

Posted by Marsm - 2018/11/01 20:12

Hello,

after update to Joomla 3.9.0 I see this error:

Fatal error: Cannot make static method Joomla\CMS\Helper\ModuleHelper::getModuleById() non static in class AriModuleHelper in
/plugins/system/aricolorboxanywhere/aricolorboxanywhere/kernel/Module/j16/class.ModuleHelper.php on line 0

Regards

Hello,

Have you downloaded and installed the latest version of "System - ARI Colorbox Anywhere" plugin?

Regards,
ARI Soft
