_____

Hello,

Sorry for delay. We have updated the extension and now it supports FLV files. Use the next code that embed it into an article:

{ariprettyphoto activeType="rcontent" width="300" height="250" url="LINK_TO_FLV_FILE" link="Show FLV video" title="Video"}{/ariprettyphoto}

Where LINK_TO_FLV_FILE is link to FLV file.

PS: Don't forget to download the extension and upgrade "ARI Pretty Photo" module.

Regards,
ARI Soft

_____

Yes, the latest version of the extension is playing FLV files in lightbox. If it doesn't work, provide link to page where we can see the problem that we can investigate it.

Regards,
ARI Soft

_____

You use not the latest version of the extension. "ARI Pretty Photo" v. 1.5.12 is installed on your site, but the latest version is 1.5.13. Download the latest version and upgrade it on your site.

Regards,
ARI Soft

_____

so which is the better method of displaying my FLV file?

{ariprettyphoto activeType="module" opt_width="500" opt_height="700" id="116"} {title}THE DEAL DESIGN TUTORIAL NOTE: Best viewed in Full Screen. Click the lower right icon of the video to expand.{/title} {link}The Deal Design Tutorial - Learn how to complete the 12 steps of a Deal Design{/link} {/ariprettyphoto}

OR

{ariprettyphoto activeType="rcontent" width="500" height="400" url="media/video/dealdesign.flv" link="Show FLV video" title="Video"}{/ariprettyphoto}

_____

It depends on your taste, these two extensions use different FLV players. You can choose which is preferable for you.

_____

I cannot get the code to work for me for the LIFE OF ME.

Need an image to be clickable and popup video:

sample link: http://educationaldiscoverytours.com/index.php/washington-dc-educational-tours

It only displays code, I've entered it in HTML , etc.

Please advise.

_____

Sorry, but we don't see any "ARI Pretty Photo" plugin code on provided page. Could you specify what code do you try to use?

Regards,
ARI Soft
