
Thumbnails are blacka nd white

Posted by hdwebpros - 2011/11/23 18:58

The thumbnails generated from this module turn out to be black and white no matter what I make the settings be.

I switched greyscale to no and still they are black and white. Please help

Hello,

Could you provide a link to a page where we can see the problem and temporary access to your J! backend by email so we can investigate it?

Regards,
ARI Soft
