Facebook Share Button

Posted by eraz - 2011/12/11 21:11

_____

Is it somehow possible to integrate a Facebook share button at the bottom of each pictue when it's maximized?

I would like to use this on my site www.spotcatch.net

_____

Hello,

Sorry, but currently the extension doesn't support this ability.

Regards,
ARI Soft

_____

hmm,.. maybe it would be possible to do some kind of command substitution and put the share button code into the describtion file?

==

Re:Facebook Share Button

_____

Currently it is impossible, we will add this ability in a future release.

Regards,
ARI Soft

_____

ok thank you!

It would also be very nice to add some search engine optimizations in the next release. For example, i think right now there is no practicable possibility to set an alt tag for pictures, so my pictures are very hard to find for search engines, i think that's a really bad problem.

_____

The extensions adds "alt" attribute to images based on values of "Title" column from a CSV file in "Image gallery" mode.

Regards,
ARI Soft

_____

That's right, but i dont want to use titles, cause i think it would worsen the look, feeling and design of my gallery - with this setting, my gallery is almost invisible to search engines. Apart from that, many times the title of an image is not suitable to be used as alt tag.

==

Re:Facebook Share Button

Posted by admin - 2011/12/20 09:27

_____

Do not you want to show titles under thumbnails or show them in lightbox?

Regards,
ARI Soft

==

Re:Facebook Share Button

Posted by eraz - 2011/12/20 16:28

_____

I don't want use image-titles, neither in the thumbnails nor in lightbox. I need to set an alt tag for my images without using a title (or describtion). I don't think it's possible with the current release, so i just want to give you an "urgent" feedback for the next release, cause i really hope you will implement this feature soon.
As i have already mentioned, all my gallerys are invisible to search engines (you can test this with a text browser like 'lynx') and that's really bad.

_____

If we add ability to use "Alt" column from a CSV file as "alt" attribute for tag, is it suitable for your needs or you have another idea?

Regards,
ARI Soft

Re:Facebook Share Button

Posted by eraz - 2011/12/21 08:38

_____

Yes, that would be really great :)

Maybe it's possible to add a fourth column in the describtion file (csv), where it's possible to set the alt tag.

==

Re:Facebook Share Button

Posted by admin - 2011/12/21 12:35

_____

Download and upgrade "ARI Pretty Photo" module. New version uses values of "Alt" columns from a CSV as "alt" attribute of tag if it is defined in CSV file.

Regards,

ARI Soft

_____

wow, really impressive how fast you are taking care about it! :)

Unfortunately i have not succeeded until now. I have upgraded to 1.6.6 (the module), then i've created a csv file and filled it like this:

"File","Title","Description","Alt"
"aa_miami_night2.jpg","","","Miami Downtown bei Nacht"
"ab_cape_caneveral_strand.jpg","","","Langzeitbelichtung am Strand von Cape Caneveral"
These lines are representing picture 2 and 3 in the USA (Florida) Gallery:
http://www.spotcatch.net/maingallery/laenderstaedte/usa.html

I can't see anything with lynx and further i dont see any content in the alt tags when i am reading the source code of this page with my browser.

_____

Correct CSV content looks like:

"File","Title","Description","Alt"
"aa_miami_night2.jpg","","","Miami Downtown bei Nacht"
"ab_cape_caneveral_strand.jpg","","Langzeitbelichtung am Strand von Cape Caneveral",

Re:Facebook Share Button
Posted by eraz - 2012/04/25 12:37
_____

Two months have passed since the last update, so i wanted to ask again about current status regarding a facebook implementation.

What do you think, when will this feature be available? Sorry but i really need to know the approximate period of time. Cause if this will take one year or longer, then this is definitely to long for me and i have to look for a alternative gallery.

Thank you for your understanding.
