Internal mini-gallery cutted by the bottom
Posted by eleclipse - 2012/03/29 15:58

_____

Dear ari staff,

i've a little problem with my site, as you can see here http://www.febaferrobattuto.it/index.php/categoria-paletti/paletti-caposaldi everytime i click on a photo the gallery work but the "Internal gallery" in the enlarged photo is cutted at the bottom.

How can i fix this?

Thanks in advice for any help.

_____

Hello,

It is a conflict with site template styles. Add the next CSS rule to a site template file to fix the problem:

.pp_gallery ul li
{
 padding: 0;
 background-image: none;
}

Regards,
ARI Soft
