Hello,

in pretty photo I would like to be able to download the photo shown in the lightbox.

is this possible to have a button to do that, next to the close button, at bottom right ?

thanks

Hello,

It requires custom modification of the extension.

PS: "ARI Sexy Lightbox" support the described ability.

thanks for the reply.

I already integrated the gallery many times in the website and my customer likes it.

thanks

BTW I don't know if you offer a service to do this modification.

if yes please let me know the cost.

thanks

Sorry, currently we can't help with it, but we take into account your requirement and implement it in a future release of the extension.

Hello,

I was wondering if you manage to implement a download button in the lightbox.

thanks
