
flickr thumbnail rollover/out

Posted by artdirector_1 - 2011/03/17 09:52

hi!

I need the opacity of flickr thumbnails to increase gradually on rollover,
and decrease gradually on roll out.
Is it possible?

Thanks again for your support

Hello,

Could you provide link to page where we can see Flickr gallery on your site or specify what layout type you use?

Regards,
ARI Soft

sure, is

http://www.ottotto.it/index.php?option=com_content&view=article&id=5&Itemid=10

I used advanced gallery with a fixed_flickr_gallery_height class

You can add the next CSS rules to site template CSS file:

```
.fixed_flickr_gallery A
{
  opacity: .5; /* FF 1.5+, Opera, Safari */
  filter: alpha(opacity=50); /* IE 7 and below */
  -ms-filter: "alpha(opacity=50)"; /* IE 8 */
  -khtml-opacity: .5; /* Safari 1.x */
  -moz-opacity: .5;
}

.fixed_flickr_gallery A:hover
{
  opacity: 1; /* FF 1.5+, Opera, Safari */
  filter: alpha(opacity=100); /* IE 7 and below */
  -ms-filter: "alpha(opacity=100)"; /* IE 8 */
  -khtml-opacity: 1; /* Safari 1.x */
  -moz-opacity: 1;
}
```
