
Fancy Box only Part Showing.

Posted by sysproj - 2013/10/11 21:18

When the Fancy Box pops up, the top part of it is hiding behind the top banner of the page.
How can I always load it to be forward and not behind anything?

This problem with site template styles. Add the following CSS rule to fix the problem:

```
BODY #menu-m,  
BODY #top #site-name-handler  
{  
  z-index: 100;  
}
```
