Hello,

The slider on home page doesn't contain images.

Regards,
ARI Soft

Posted by gamiax - 2014/03/05 21:05

if it contains images

=====

Re:The module is displayed and affect other positions

Posted by admin - 2014/03/05 21:22

Send a link to a page where we can see the problem.

Regards,
ARI Soft

Re:The module is displayed and affect other positions

Posted by gamiax - 2014/03/06 17:18

but if it contains images not showing

Re:The module is displayed and affect other positions

Posted by admin - 2014/03/06 17:19

Provide a link to a page where we can see the slider with images and the problem. Currently the slider doesn't contain images and we can't see the problem.

Regards,
ARI Soft

We can't investigate the problem by a screenshot. We will investigate it when you provide a link to a page where the problem occurs.

Regards,
ARI Soft

Posted by gamiax - 2014/03/06 19:09

how do I send the user to joomla and u can verify more closely

Re:The module is displayed and affect other positions

Posted by admin - 2014/03/06 19:20

You can send it by email.

Regards,
ARI Soft

Re:The module is displayed and affect other positions

Posted by gamiax - 2014/03/06 19:26

already send

Re: The module is displayed and affect other positions

Posted by admin - 2014/03/06 19:36

Check your mail.
