Intensive Memory Usage

Posted by JohnSmithers - 2015/01/09 23:44

_____

Hi

I have about thirty images which load "DOM Ready". However which ever way it loads it uses all my (firefox) and computer memory (local host).

Can you suggest any reasons why this should be as slow as it is.

Joomla 3 on apache server (xampp).

_____

Hello,

Where we can see the problem?

Regards,
ARI Soft
