Hi,

i created a webpage on which i use "ari image popup".
When you click on the pitcure, ari open.
But it opens at the bottom of the Screen.

I don't know how to fix the problem.

URL: elchball.de

Please help !!

Hello,

Try to add the following CSS rule to a site template CSS file and clean browser's cache:

HTML BODY {position:static}

Regards,
ARI Soft
