Sexy Lightbox not working from inside Chronoforms
Posted by aarias - 2012/01/26 13:23

_____

Hello, I am using Sexy Lightbox, working perfectly from inside articles, as in here http://goo.gl/vXIa1, but not from inside a form, as here: http://goo.gl/aKl60. What am I doing wrong? Thx!

_____

Hello,

"ARI Sexy Lightbox Lite" is a content plugin. Joomla! uses content plugins only in articles. If you want to use sexy lightbox in any content, you can be interested in ARI Sexy Lightbox product. It contains "System - ARI Sexy Lightbox" plugin which supports ability to use the lightbox in any content.

Regards,
ARI Soft
