russian symbols in title do not display

Posted by cerhio - 2012/02/02 07:34

_____

when I use russian symbols in title="", they looks like cubes and numbers.

the best way for me is to remoove title from lightbox. how can i do it? (using display none is not suitable)

if not possible, then how can i translate word TITLE into russian andn how to make russian symbols work in title="..."?
