Hello,

At least remove including of the next javascript files from your site template:

Regards,
ARI Soft

That was a test trying to find a solution.

I think that the problem is stupid but i cant find what is the solution :(

Thx for your answer.

_____

This problem with site template styles. Add the next CSS rule to a site template CSS file to fix the problem:

#SLB-Wrapper img {max-width:none;}

Regards,
ARI Soft
