
How to change language

Posted by wonderblunt - 2012/04/30 21:50

Hi Need to change the buttons from english to french or remouve the text and only have the buttons for close prev. and next..

Thanks

=====

Hello,

Text labels are defined in images. See images for appropriate theme in
\plugins\content\arisexylightboxlite\js\sexyimages\ folder.

PS: "ARI Sexy Lightbox" supports French language theme.

Regards,
ARI Soft
