Posted by rsmdl - 2013/06/26 16:01

Dear Sirs,

Is it possible to use ARI Sexy Lightbox Lite extension to automatically show the lightbox when the page is loaded?

If Yes, how?

I am using the code of your example:

```
Any HTML content
Show inline content in modal window
```

Thanks in advance.

Hello,

"ARI Sexy Lightbox Lite" doesn't support this feature, but it is supported by "ARI Sexy Lightbox" extension.

Regards,
