
Any Link to documentation of ARI LightBox Lite

Posted by steelbrain - 2013/09/05 14:25

Hi there,

Can somebody please tell me the link to documentation or examples of this plugin?

or atleast tell me how to make a button who can work as a lightbox and has a few html divs inside it?

Hello,

Sample codes are available here and in "Description" section on plugin settings page.

Regards,
ARI Soft
