## if picture heavent title \"undefined\"

Posted by Tomi - 2016/03/30 10:05

_____

In joomla 3.5 if pictures haven't title, first click good, but left or right click, the place of title will be "undefined".
If have title everything good.

How can I change this? Thanks http://www.ari-soft.com/images/fbfiles/images/undefined.jpg

_____

Hello,

Download and upgrade the plugin. After this clean browser's cache. It should help.

Regards,
ARI Soft
