
padding lhs text pop up

Posted by deanwright - 2010/10/20 05:11

Hi using ARI Sexy Lightbox Lite can you tell me how to style the inline content text in the popup please - would like to add padding to the LHS of the text.

Many thanks.

Hello,

You can wrap inline content with `tag` and add "padding" CSS property. Code will look like:

Any HTML content

Show inline content in modal window

Regards,
ARI Soft
