Ari Photo Gallery Conflicting with Ari Ext Menu

Posted by kentosanto - 2011/07/13 01:51

_____

Hi,

When I have the Ari Photo gallery running and I select the image so it goes to the white mode view, I can still see the Ari Menu ext in the fade background. How do I make it so the Ari Ext Menu doesnt show up as well?

Cheers
Kent

_____

Hello,

Provide link to page please where we can see the problem.

Regards,
ARI Soft
