
Problem with Mozilla and Internet Explorer

Posted by krentzis - 2014/01/06 08:04

Hello,

ARI Photo Gallery works fine on Chrome

<http://www.incensetrade.eu/index.php/products><http://www.incensetrade.eu/index.php/products>

but for some reason it is not showing properly on Mozilla & Internet Explorer.

Can you please advice

Thanks

It was from my end.

I had wrong path to thumbnails and auto generate thumbnails was set to NO.

So it was loading the large images.

thanks

Hello,

Have you need any assistance from our side yet?

Regards,
ARI Soft
