Right click to save photo

_____

Hi,
i have inserted successfully the ari Photo Gallery plugin in a joomla article.
i would delete the possibility of saving each photo of gallery with right click of mouse. is it possible?
i have used "anticopy" extension, but it doesn't work on these photos in gallery.

thanks

We asked about it in our previous post.

Gallery in the lightbox is created dynamically and anticopy doesn't work with dynamically created content.
