
How do I set Users

Posted by MaPaHa - 2011/03/11 05:57

Could you tell me how to set user access to the quizzes? I want to set and/or schedule each user where they can only take the quizzes that have been assigned to them and the number of times they can take them. I am interested in some custom features that I see by reading in this support forum are not included in the ARI Quiz module. Could you tell me the process for this? Thanks

No, "ARI Quiz Lite" doesn't support this ability.
