
Forgot download full license key

Posted by aadjeh - 2009/03/22 20:15

Hello Helpdesk,:(

With a bit of pain in my head, i have to tell u that i forgot to download the full licensekey of ariquiz. The mail was send on the 5th of march. In the meantime sickness:S and holiday made me totally forgot it. Now i need the license, I remarked the missing of it. Can you please reactivate the full license for me.:unsure:

license for thymos.nl

ahessels

Hello,

You can generate full license key in 'Member Area', you can do this from 5th March, when your payment has been verified.

Regards,
ARI Soft

When i hit the link to activate my full license, within the email of 5 march. I get the following reply on the site: Products You didn't have purchased products

This is my problem.....!

It seems that you have two accounts on our site:

aadjeh

and

aadje

Login as aadje and generate license, please.

Regards,
ARI Soft

How stupid can I be...

Excuse me...
