## Results page overlap sidebar in template

Posted by 121261 - 2011/07/01 12:18

---

Hi there

The resultspage overlaps the content of my sidebar.

Can anybody help.

Hello,

Provide link to page where we can see the problem. It can be a problem with site template layout or styles.

Regards,

ARI Soft

Hi again -

Solved it when I saw that it was only on one of the pages. Turned out to be that I had made a table that was to wide.

Thread is Solved.

Regards

Bison
