
Language questions

Posted by nestortoledo - 2009/04/30 19:17

Hi, i just purchased my copy or Ari Quiz, today.

I want to translate Ari quiz to spanish, but im having some problems.

1Ñ" go to backedn - language

2Ñ" add new language and name it Spanish.

3Ñ" Translate all lines.

4Ñ" Set Spanish language as default.

do the same for front language and backend language, but still have al program in english.

I need to do something else? what is wrong?

Hello,

Could you check that /administrator/components/com_ariquiz/cache/files/ folder and all subfolders has writable permissions? Or you can provide access to your Joomla backend and FTP by email (info@ari-soft.com) and we'll investigate this issue and provide solution.

Regards,
ARI Soft

was permission problem, now it works fine.

I have Joomla, configured tu use FTP, Laver, for this reason haas those permissions problems i think.

Thanks a lot.
