Hi by default are quiz, show the answer like this.

Choice 1
Choice 2
Choise 3

I want to have something like this

Option a
Option B
Option c

Any way to do that?

i know thta i can change the choice label to option , in the languages. but where i can change number 1 to a, nuber 2 to b??

Hello,

Sorry, but currently it's impossible, but you can add feature request and we implement it in the next release of ARI Quiz.
