## display text after login

Posted by Xargoss - 2009/05/07 13:05

---

After login, shows only the "quiz category" and "quizzess title"(link).  
I would like to add something else description. Which file I need to change?

regards

X.

All frontend templates files is located in '/components/com\_ariquiz/view' folder. You need change quiz\_list.html.php file for your purpose.

Regards,
