
Header on Quiz List

Posted by MikeWelsh - 2011/09/12 19:04

Hi,

List page displays fine, but just has the word COMMON at the top of the list.

Is there a file I can edit so it says something more meaningful to customers?

Thanks, Mike.

Hello,

All frontend labels can be changed on "Components -> ARI Quiz -> Languages Frontend" page.

Regards,
ARI Soft

Thanks. I put my two quizzes into a Category and that displays it's title fine.

Mike.
