
Please specify license key before using...

Posted by KrisTian - 2009/06/28 16:01

Hello. I purchase Ariquiz and I started to use it without problem. But after about 2 weeks, when I try to add a new question in admin panel, I cannot do it, because I always stay at the "license" page, where it is written that my license is expired !!? What did I wrong ??

Ok. I didn't see that it was a "test licence" and a "production license". Everything works fine now... :)
