On the server version of Php is 5.2.6-0.7

Please kindly help me please.

Thank you and good day <http://www.ari-soft.com/images/fbfiles/files/error.txt>

Hello,

Sorry, but your subscription to the extension is expired (you bought it "30.09.09") and it is not possible to install the latest version of the extension. If you are interested in prolonged subscription contact us by email please.
