
Cannot edit answer choices

Posted by joeicooper - 2009/11/12 14:58

I'm sure that I'm missing something very simple here, but when trying to edit the answer choices of a question (I have a couple of typos), the choices are grayed out. I can't edit them in Question:Update.

What am I missing here?

Thanks,

Joe

also... I've recently upgraded from 2.3.0 to 2.7.3. Now the question bank is completely empty. The questions, to appear, when I click the VIEW link under the QUESTIONS column in the Quiz List. What's happening here?

Joe

Hello,

It seems that you try to edit questions which are based on question from question bank. Open 'Question Bank' page for editing bank questions.

Regarding the second issue, could you provide temporary access to your Joomla! system by email (info@ari-soft.com) that we can investigate this issue?
