
License Key Expirations

Posted by jinlopez - 2010/03/01 17:00

How long are the license keys good for? I just purchased mine not even 2 months ago and it says it's expired.

Hello,

You use testing license key which is time limited, you can generate production license key in 'Member Area' on our site. If you need prolonged testing license key, only say about it.

Regards,
ARI Soft
