i want to buy ARI QUIZ but i have 5 webpages. Can i use ARI QUIZ at all webpages with one lisans key?

I can pay \$ 75. But (5x75=375) 375 dollars is too much.

Hello,

ARI Quiz is under domain-based license, it means that you can use the component on any number of web pages on one site. In other words, if your site has domain name "mysite.com" and you buy one copy of "ARI Quiz", you can use the component on this site without limitation, but if you want to use it on another site, for example "mysite2.com", it requires new license.
