## More than 1 language ?

Posted by Aaron - 2012/11/16 08:44

---

Hello,

is it possible to translate a quiz in the admin panel and so the user can select the language of the quiz ?  
2 languages (german, english) should be available at the same time ...

Regards,  
Aaron

Hello,

Do you mean translation for component interface (button labels, page titles or etc.) or translation questions in quizzes?  
The first option is possible, "ARI Quiz" uses standard Joomla! approach for internalization and language can be changed by a 3rd party (or core Joomla! module) for switching languages on Joomla! frontend (it will change language for the whole site).

The extension doesn't support this ability.
