
Detail results without correct answer

Posted by jcbernal - 2013/05/29 17:49

How I can remove or hide the column correct answer in detail result page?

<http://observatorioifrs.cl/cap1.jpg>

Is important for my site, show only the wrong answers, no show the correct answers...

which file should I edit?

sorry for my bad English...

Thanks!

Juan Bernal
