
Is it possible to display the average result?

Posted by hansbasti - 2013/10/20 11:43

Is it possible to display the average/total percentage of all the quizzes taken and not individually?

=====

Re:Is it possible to display the average result?

Posted by admin - 2013/10/20 14:08

Hello,

We have "ARI Quiz Summary Results" module which shows total score which earned by users for all quizzes.

Regards,
ARI Soft

Re:Is it possible to display the average result?

Posted by hansbasti - 2013/10/20 14:19

is it able to show the percentage of the total score earned by the user(s) for all the quizzes he/she took? as well?

=====

Re:Is it possible to display the average result?

Posted by admin - 2013/10/20 14:26

Yes, it shows total results in percent.

Where can I find "ARI Quiz Summary Results" module?

When I insert a new module, I only can find these four:

Results

Top Results

User Results

User Top Results

Re:Is it possible to display the average result?

Posted by brugal - 2013/10/23 15:27

Great! Thanks for the module.

Now, just two things:

- 1) Can I display the list ordered by percentage score instead of total score?
 - 2) Can I filter the list depending on users group?

Re:Is it possible to display the average result?

Posted by hansbasti - 2013/10/26 03:08

is the summary module not included when ARI quiz is bought and is only sent through email?

=====

Re:Is it possible to display the average result?

Posted by admin - 2013/10/26 05:37

Hello,

The module is not included into "ARI Quiz" package, but it is a free and we will send it by customer's request.

Regards,
ARI Soft

I would also like this module.. Is there a list of additional modules available to customers? It might be nice instead of sending to each person individually.

Thanks

Re: Is it possible to display the average result?

Posted by admin - 2014/07/21 05:07

We only send this module and "ARI Quiz Learning Path" plugin by a request. Other addons are available on "ARI Quiz" page.

PS: We have sent the module.

Regards,
ARI Soft

Re:Is it possible to display the average result?

Posted by dodanhkhoa - 2015/03/29 07:15

I've already install this module but it just shows the worst results. I want it to show the best results of each student. Thank you!

=====

Re:Is it possible to display the average result?

Posted by admin - 2015/03/29 13:16

The extension can select the best result per each quiz. For this use "Get the best result per quiz" parameter in module settings.
