
redirect from finished quiz(passed)

Posted by racmitch - 2013/11/07 14:04

I have my courses structured so a "student" will read a chapter then take a quiz on that chapter (using the anywhere plugin) so the button for the quiz is at the bottom of the chapter page(joomla article) I would like to have the student take the quiz and if passed be redirected to the next chapter(joomla article) do i need the learning path mod, or can it be done within ari quiz itself?

Hello,

thanks for your reply!

Are there any redirection plugin for the WP version?
Or will be in the future?

Benjamin
