
How can student go back (review) and change answer

Posted by xmanflash - 2014/02/26 03:51

Hi - My customer has asked how can a student go back to an earlier question and change the answer, BEFORE they complete the quiz?

We understand the back button only works on skipped questions, but we need to do this for all questions.

Thanks,
Pete

Hello,

The extension doesn't support ability to edit answers when "Save" button is pressed.

Hi Folks,

I notice you have updated the component - Have you added the ability for a user to go back and change a previous answer, before submitting the whole test - yet?

Thanks,
Pete

Hello,

We don't add this ability. Users can use "Next" and "Prev" buttons if they want to return to some question pages later.
