Is there a changelog for each release of ARI Quiz? I'm curious to know what was changed before installing.

Hi Team,

Quick question : I have Ari QUIZZ v 3.7.5 installed, and in the 'Mass Edit' I have only 'Score' available.  
How can I have other fields (and notably 'Penalty') available ?

Thxs !

Hello,

The extension supports to change "Category", "Score" and "Penalty" parameters only in "Mass edit" form for quiz questions. If want to add other fields, it requires modification of the extension.

Hi,  
same question for the last ARI Quiz v. 3.9.8 available in my Member Area. What's new/corrected/modified/improved ?  
The changelog ended with the v3.7.0 in the User guide page :

[http://www.ari-soft.com/docs/ariquiz/html/ARI\\_Quiz\\_UserGuide.html?WhatisARIQuiz.html](http://www.ari-soft.com/docs/ariquiz/html/ARI_Quiz_UserGuide.html?WhatisARIQuiz.html)

Is there a way to be noticed when a new version is available for download in our Member Area ?

Thanx

Denis
