Hello,

Set "Additional settings -> Answer enumeration" parameter to "Alpha upper-case" value in quiz settings and remove "Choice" message in \language\en-GB\en-GB.com_ariquiz.ajax.ini file.

Add the following CSS rule to a site template CSS file:

```
.aq-singlequestion .aq-answer-label LABEL
{
  float: right;
  padding-left: 3px;
}
```

and clean browser's cache.
